

Giochiamo con i numeri: le addizioni

Conta, somma e scrivi il risultato nel riquadro di destra.

A visual addition problem. The first box contains 3 soccer balls (two in the top row, one in the bottom row). A plus sign is between the boxes. The second box contains 2 soccer balls (one in the top row, one in the bottom row). An equals sign is to the right of the second box, followed by an empty square box for the answer.

A visual addition problem. The first box contains 3 yellow ice cream cones. A plus sign is between the boxes. The second box contains 1 yellow ice cream cone. An equals sign is to the right of the second box, followed by an empty square box for the answer.

A visual addition problem. The first box contains 6 snails arranged in three rows of two. A plus sign is between the boxes. The second box contains 4 snails arranged in two rows of two. An equals sign is to the right of the second box, followed by an empty square box for the answer.
