

## Giochiamo con i numeri: le addizioni

Conta, somma e scrivi il risultato nel riquadro di destra.

A visual addition problem. On the left, a rectangular box contains four identical line drawings of a propeller airplane, arranged in two rows of two. To the right of this box is a large plus sign (+). To the right of the plus sign is another rectangular box containing four identical line drawings of a propeller airplane, also arranged in two rows of two. To the right of this second box is a large equals sign (=). To the right of the equals sign is an empty square box for the answer.

A visual addition problem. On the left, a rectangular box contains six identical line drawings of a puppy wearing a cap and a backpack, arranged in two rows of three. To the right of this box is a large plus sign (+). To the right of the plus sign is a rectangular box divided into two vertical sections. Each section contains one identical line drawing of the puppy. To the right of this box is a large equals sign (=). To the right of the equals sign is an empty square box for the answer.

A visual addition problem. On the left, a rectangular box contains five identical line drawings of Spider-Man in a running pose, arranged in three rows: the top row has three, the middle row has one, and the bottom row has one. To the right of this box is a large plus sign (+). To the right of the plus sign is another rectangular box containing five identical line drawings of Spider-Man in a running pose, arranged in three rows: the top row has two, the middle row has one, and the bottom row has two. To the right of this second box is a large equals sign (=). To the right of the equals sign is an empty square box for the answer.
